INSTRUCTIONS FOR USE:

Shake well before use.

Pinestraw Preserve should only be applied to dry pine straw.

APPLICATION:

Pinestraw Preserve pine straw glue is a concentrated 4:1 product that can be easily mixed with water to create the right amount needed with minimal waste.

DILUTION:

Mix 1 part pine straw glue with 4 parts water in a separate container, stirring for one minute. Apply to dry pine straw with a mechanical sprayer or pump-up (not included). Wait one hour between coats.

Introducing **PINESTRAW PRESERVE**, a premium formula by **PINESTRAW AMERICA** to extend the life and appearance of your pinestraw. It stabilizes pine straw, maintains pristine edges, and prevents displacement in areas of moderate water flow and leaf accumulation. It acts like a "hairspray" for pine straw, locking in volume and integrity. It's water-soluble, sets within 24 hours, and can be applied with a standard backpack sprayer. Pinestraw Preserve is great for delineating border areas and safeguarding edges around tree bases.

DISCLAIMER OF WARRANTIES: Except as and to extent set forth in this Agreement, Seller makes no representations or warranties whatsoever to Buyer and hereby disclaims all liability and responsibility for any representation, warranty, statement, or information made, communicated, or furnished (orally or in writing) to Buyer or its representatives (including any opinion, information, projection, or advice that may have been or may be provided to Buyer or any of its representatives by any director, officer, member, employee, agent, consultant, or representative of Seller. Seller makes no representations or warranties to Buyer regarding the probable success or profitability of the Business or that, unless otherwise set forth in this Agreement and subject to Section 3.8, the Acquired Assets are in any condition other than their existing condition on the Closing Date and Buyer takes them AS IS, WHERE IS.
